Parking: Free
To register: <http://www.ci3t.org/pl> or scan the QR code below with any smartphone camera

Description: Dr. Royer is offering a professional learning series, hosting 5 stand-alone sessions at HI DOE OSSS near Diamondhead, Hawai'i. Sessions are held from 5:00-7:00 PM HST and are offered at no charge to all preK-12 general and special education teachers, administrators, related service providers, paraprofessionals, and Ci3T Leadership Teams interested in learning more about proactive, systematic methods of looking for students who might require additional assistance to experience success in school.

Sessions feature content to support high-quality system-level implementation as well as practical strategies to support attendees exploring comprehensive, integrated, three-tiered (Ci3T) models of prevention in their schools. Each session provides stand-alone information to build knowledge, skill sets, and confidence in developing structures and practices to support the design, implementation, and evaluation of Ci3T models of prevention. Visit ci3t.org for general information on Ci3T models of prevention.
