

PRECORRECTION

IN A VIRTUAL LEARNING ENVIRONMENT

Watch a brief introduction and check out the updated video for virtual learning environments!

1

Identify a virtual learning activity or setting and anticipated problem behaviors.

2

Determine the expected behaviors.

3

Adjust the virtual environment to set students up for success.

4

Provide opportunities to practice expected behaviors.

5

Provide immediate and specific reinforcement to students engaging in expected behavior.

6

Develop a prompting plan to regularly remind students of the expected behavior.

7

Develop a monitoring plan to determine the effectiveness of the precorrection plan.

8

Offer students an opportunity to give feedback on this strategy.
