

Using your Ci3T Structures to Support Teaching and Reinforcing COVID-19 Safety Procedures

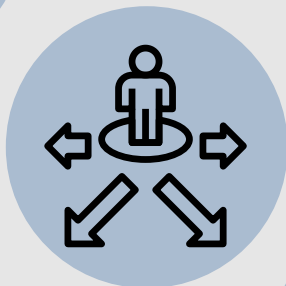

Teach and review expectations frequently

Model expected behaviors

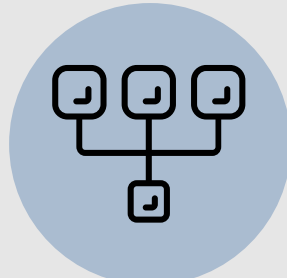

Reinforce expected behaviors

Use low-intensity strategies

Engage with families

Respond to minor and major challenges

Working within a **Ci3T Model** equips your school with structured flexibility. Here are some tips for setting the stage for a **safe, productive return to in-person learning**.

What if students need a break from wearing their mask?

- **Set** regular mask breaks for the class
- **Teach** students how to request mask breaks
- **Reinforce** students who appropriately ask for breaks
