## Procedures for Teaching

### Faculty and Staff: Ci3T Leadership Teams and District Leaders will teach procedures to faculty and staff by:

- Provide faculty and staff Ci3T Implementation Manual and other materials such as posters, lesson plans, tickets, etc. to teach, implement and support our Ci3T plan.
- Provide training of plan and expectation to staff at the beginning of each school year, with attention to academic, behavior, and social domains.
- Post resources for implementing plan on SharePoint > Important Documents > Ci3T Plan.
- Post videos and professional learning on the reactive plan.
- Regular ongoing teacher professional learning during staff meetings and collaboration (e.g., professional learning on Tier 2 and 3 strategies as well as other requested topics).
- Professional learning opportunities at the district level to support implementation and sustainability of Ci3T, with attention to academic, behavior, and social domains.
- **Expectations Matrix** taught and posted.
- Ongoing re-teaching of expectations and procedures – dedicated staff meeting time for discussions.
- Ci3T session for new staff orientation.
- Provide expectation matrix in substitute folder.
- Meet twice per year with bus drivers, after school care providers based as school site and open to community providers, cafeteria staff, building maintenance staff.
- Weekly tips for teachers and challenges for PBIS.
- Offer professional learning to support high integrity implementation of Tier 1, 2, and 3 components
- Offer district- and school-led professional learning of coaching support for curriculum, low-intensity strategies, assessment tools, and data management systems
- Establish and implement a communication schedule for sharing summaries of: treatment integrity, social validity, and screening data to inform instruction

### Continued Learning: Ci3T Leadership Teams and District Leaders will teach procedures to faculty and staff by:

Procedures for teaching the Ci3T plan for continued learning environments to all faculty and staff include:

- Providing faculty and staff materials for remote access to the Ci3T Implementation Manual, digital ‘posters’ and e-tickets.
- Creating and sharing videos and podcasts on the behavioral expectations, available on the school website, Facebook page, and teachers’ remote classrooms.
- Narrated descriptions and examples for each part of the Ci3T Implementation Manual (e.g., use of the reactive plan, responding at Tier 2 and Tier 3, procedures for teaching, reinforcing, and monitoring the Ci3T plan with families.
- Professional learning sessions and access guides for online materials for teaching social skills lessons.
- Beginning of year online meeting small-group breakout rooms for faculty and staff to review Ci3T Implementation Manual updates, get questions answered, and share ideas

(2018). *Building and installing comprehensive, integrated, three-tiered (Ci3T) models of prevention: A practical guide to supporting school success V1.2*. Phoenix, AZ: KOI Education. (Interactive eBook) For additional information, please see Lane, Menzies, Oakes, and Kalberg (2020). *Note*. We do not endorse any specific curriculum or program. We encourage Ci3T Leadership Teams and District Decision Makers to review current evidence to inform their decision making.

- Asynchronous learning materials (e.g., narrated slideshows) reviewing the use of low-intensity strategy during continued learning across the tiers of instruction, linked to materials to continue learning, and examples for using strategies such as instructional choice, precorrection, opportunities to respond, behavior specific praise and feedback (as examples)
- Establish and implement a communication schedule for sharing summaries of: treatment integrity, social validity, and screening data to inform instruction
- Planning and delivering integrated lessons with social skills and behavior expectation objectives to facilitate engagement.

**Students: Ci3T Leadership Teams will collaborate with faculty and staff to teach procedures to students by:**

- Beginning of the year lesson: Setting Stations with examples and non-examples, role play and modeling of expectations with adults and peers. Reteach lessons at key time points (e.g., after breaks from school).
  - Teachers will explicitly teach, model and practice the expectations and procedures
  - Schedule: 1st 2 weeks of school, 3rd – 6th week of school, 1st 2 weeks of January, 1st week of March, anytime as needed or indicated by school data (e.g., increase in office disciplinary referrals, decreases in attendance)
- Teachers will use the lesson plans provided in the Ci3T Implementation Materials or provide lesson plan to administrator.
- Teachers will use and display the posters provided in all instructional and non-instructional areas.
- Teachers will use tickets to intermittently reinforce those students demonstrating the expectations (higher rates of praise used early in the year).
- PBIS video played every Monday morning in each classroom demonstrating a setting, behavior, or social skill.
- Expectations reviewed over announcements.
- Weekly social skills focus (including *Stop, Walk, Talk*) announced in morning announcement
- Participate in class meetings and *Second Step*® lessons.

**Continued Learning: Ci3T Leadership Teams will collaborate with faculty and staff to teach procedures to students by:**

Procedures for teaching the Ci3T plan for continued learning environments to students include:

- Creating and sharing videos and podcasts on the behavioral expectations, available on the school website, Facebook page, and teachers' remote classrooms
- Remote lessons, videos, podcasts, social media posts related to bullying prevention, expected continued learning expectations, and social skills
- Video and essay submissions of students demonstrating expectations and sharing stories (e.g., interacting at safe distances, safe social practices, learning experiences) that are shared on the school's intranet (through teacher's classrooms and web-based family communication tools)
- Setting lessons adapted to meet safe social practices and guidance.
- Narrated slideshow recordings and videos showing examples and nonexamples of continued learning expectations
- Integrated lesson plans that state the expected behaviors and social skills that will help students navigate successfully the continued learning experiences

**Parents/ Community: Ci3T Leadership Teams and District Leaders will teach procedures to parents and community members by:**

- Team present plan at September Site Council, September/October PTO meeting, and other meetings as invited.
- Post Ci3T Implementation Manual on school website and send Ci3T Brochure home in September, with new student upon registration, and again before spring break.
- Post video on website that explains our Ci3T Plan, with attention to academic, behavior, and social domains.
- Hold monthly “coffee talks” with parents and community members to increase understanding and support and develop partnerships.

**Continued Learning: Ci3T Leadership Teams and District Leaders will teach procedures to parents and community members by:**

Procedures for teaching the Ci3T plan for continued learning environments to parents and the community include:

- Creating and sharing videos and podcasts on the behavioral expectations, available on the school website, Facebook page, and teachers’ remote classrooms
- Mailing and sharing an electronic copy of the **Expectations Matrix** to families
- Providing access to the full Ci3T plan and provide videos and informational sessions explaining how parents can support their child’s learning and school success (e.g., roles and responsibilities, important school dates, assessment windows, attendance options, materials needed and how to access them, instructional schedules).
- Maintaining communication through the school website with the most current guidance, procedures, and continued learning resources

## Procedures for Reinforcing

### Faculty and Staff: Ci3T Leadership Teams and District Leaders will provide reinforcement to faculty and staff by:

- Raffle of Ci3T parking spot (awarded to the teacher who provided the ticker to the student raffle winner)
- Breakfast/Lunch provided to celebrate increase in fidelity data or progress toward goals in student outcome data (see **Assessment Schedule**).
- Drawing for tangible and non-tangible items (from community partners) – criteria for drawing based on Ci3T goals (e.g., completing screening on time for all students, meeting goals for reporting of fidelity data, progress toward goal of parent engagement)
- School-wide drawings for students – also reward teacher who gave the PBIS ticket to selected student.

### Continued Learning: Ci3T Leadership Teams and District Leaders will provide reinforcement to faculty and staff by:

- Recognizing colleagues meeting continued learning expectations with verbal and written behavior-specific praise based on recipient preference
  - publicly
    - ‘shout out’ during faculty staff meetings
    - recorded announcements that can be posted on teachers’ virtual classrooms to play for class meetings or send to families
    - in school newsletters
    - on school website and social media posts
  - privately
    - using the online system chat feature
    - email
    - virtual postcard or written notes mailed home
- At monthly faculty and staff meetings each adult submits one or more praise note on a shared Google Sheet and a random number generator will select faculty and staff to recognize with a meal delivery service, community donated gift card, etc.

### Students: Ci3T Leadership Teams will collaborate with faculty and staff to provide reinforcement to students by:

- Students participate in providing feedback for reinforcements
- Intermittent reinforcement of expectations with behavior specific praise and PBIS tickets
- PBIS tickets exchanged for donated tangible and non-tangible choices (privileges, time with teachers, art lessons, special PE time, postcards or phone calls home), allowing students to access or avoid attention, tangibles/activities, and sensory experiences
- What can be earned?
- Individually earned tickets
- Work together with class to earn golden tickets
- What tickets can be used for?
  - Each teacher will have a classroom menu (student choice of items on menu)

- Classroom drawings for parties (teacher choice)
- School-wide drawings (1 daily winner, 3 weekly winners)
- Tangible and nontangible reinforcement choices

**Continued Learning: Ci3T Leadership Teams will collaborate with faculty and staff to provide reinforcement to students by:**

Procedures for teaching the Ci3T plan for continued learning environments to all students include:

- Providing feedback for selected virtual reinforcement choices
- Intermittent reinforcement of expectations with behavior specific praise (e.g., verbal over telecommunication, in chat box) and virtual PBIS tickets
- Postcards sent home virtually or by mail to celebrate students meeting expectations across learning domains
- Virtual PBIS tickets saved and exchanged for donated tangible and non-tangible choices (privileges, time with teachers, art lessons, special PE time, postcards or phone calls home), allowing students to access or avoid attention, tangibles/activities, and sensory experiences
- Using tickets ...
  - each teacher will have a classroom menu (student choice of items on menu)
  - classroom drawings for virtual parties (teacher choice)
  - school-wide drawings (1 daily winner, 3 weekly winners) Some items delivered to winners at home.
  - virtual reinforcement choices (e.g., choice boards)
  - play virtual games as a class (e.g., review games, online Pictionary, Kahoot, PBS Kids)
- Phone calls home – share a success, learn about the child and family, continue to nurture family-school relationships

**Parents/ Community: Ci3T Leadership Teams and District Leaders will provide reinforcement to parents and community members by:**

- Positive phone calls and postcards home
- Student name in the newsletter
- Parent-Teacher-Student Organization (PTSO) shared events and support
- Ci3T supporter bumper stickers for parents and window stickers for businesses
- Student written thank you notes for community supporters

**Continued Learning**

Procedures for teaching the Ci3T plan for continued learning environments to parents and the community include:

- Phone calls home – share a success, learn about the child and family, continue to nurture family-school relationships
- Post announcements on the school website and social media
- Recognize ways the larger community is supporting the school community (e.g., providing needed materials or resources to local family agencies; supporting student learning needs – technology, access, materials, family needs)

## Reactive Plan: Flow Chart for Responding to Challenging Behavior

All staff will use an instructional approach to behavior. This includes teaching, reminding, and reinforcing expected behaviors, and using the 6-step instructional approach to respond to teachable moments as well as minor and major behaviors.

### 6-step Instructional Approach

1. Show empathy
2. Maintain flow of instruction
3. Acknowledge other students meeting expectations
4. Redirect and Reteach expected behavior
5. Allow time and space
6. Recognize/reinforce appropriate behavior when demonstrated

Buckman, M. M., Austin, K. S., Common, E. A., & Lane, K. L. (2020). *Exemplar Ci3T Reactive Plan: Definitions of major (office-managed) behaviors for elementary schools*. Developed in collaboration with district partners. Available at [www.ci3t.org](http://www.ci3t.org)

## Minor (Teacher-managed) Behavior Definitions (Elementary)

When making behavior referrals, consider the following: Some behaviors may be perceived as problematic due to differences between educator expectations and students’ cultural norms. Therefore, strive to be culturally responsive by developing awareness of the significance of students’ backgrounds (including historical context) to understand their behavior, and use an instructional approach to teaching and re-teaching expected behaviors. [Click here to learn more about practicing culturally responsive Positive Behavioral Interventions and Supports.](https://www.pbis.org/resource/embedding-culturally-responsive-practices-in-tier-i) [URL if accessing in text format: <https://www.pbis.org/resource/embedding-culturally-responsive-practices-in-tier-i>]

Behavior	Definition	Student Information System Code
Academic integrity violations (minor)	<p>Minor academic integrity violations refer to isolated incidents that breach expectations related to conduct during daily academic work.</p> <p>Examples include cheating on homework assignments, looking off the work of another student during class assignments, or altering academic documents. Nonexamples include following teacher-provided expectations regarding course work, such as collaborating with peers when assignment directions allow.</p> <p>Other non-examples include behavior consistent with the Major (Office-managed) behavior <b>Academic misconduct</b>, which involves systematic or severe academic misconduct such as cheating on exams, plagiarism of term papers, or repeated minor violations. See definition of <b>Academic misconduct</b> under Major (Office-managed) behaviors.</p>	AIV
Argumentative behavior (persistent)	<p>Persistent argumentative behavior refers to a pattern of interactions with school staff that is disagreeable, hostile, or antagonistic over the course of multiple interactions on the same day, despite respectful redirection from school staff members. Upon initial occurrences of argumentative behavior, follow the 6-step instructional approach. Argumentative behavior becomes a minor (teacher-managed referral) when the behavior persists despite use of an instructional approach.</p> <p>Examples include ongoing arguing with a teacher about a consequence given, or persistent combative questions in response to teacher directions. Nonexamples include isolated argumentative comments (e.g., “why do we have to do this stuff?”) or asking legitimate questions to resolve an issue (e.g., “didn’t we do this last week?”).</p>	ABP

<p>Disruptive behavior (persistent)</p>	<p>Disruptive behavior refers to a pattern of behavior that causes an ongoing disruption to conditions in the classroom or other school environments. Upon initial occurrences of disruptive behavior, follow the 6-step instructional approach. Disruptive behavior becomes a minor (teacher-managed referral) when the behavior persists despite use of an instructional approach.</p> <p>Examples of disruptive behavior include persistent occurrences of shouting or slamming materials, moving about the classroom and interacting with peers in a manner that disturbs or distracts others, ongoing and excessive shouting out or other distracting behaviors (e.g., tapping pencil). Non-examples include talking with peers in a conversational tone, accidentally dropping materials or making other unintentionally disruptive noises, or isolated incident of disruptive behavior (e.g., student is disruptive but responds to the 6-step instructional approach).</p> <p>Other non-examples of disruptive behavior (persistent) include behaviors consistent with the Major (office-managed) behavior <b>Disruptive behavior (severe)</b>, which is so intense or serious that class cannot continue or jeopardizes the safety and/or security of the student, their classmates, or their teacher. Minor disruptive behavior becomes a major once three minor referrals for these behaviors are logged in PowerSchool.</p>	<p>DBP</p>
<p>Excluding peers / name calling / gossiping</p>	<p>These behaviors (excluding peers, name calling, gossiping, etc.) refer to unkind actions toward peers that may be precursors to bullying behaviors.</p> <p>Examples include excluding targeted peers from games or activities in a persistent fashion, calling targeted peers unkind names, or using gossip to put down another student.</p> <p>Non-examples include behaviors that meet the definition of <b>Bullying</b>, which includes physically harming a student or damaging a student’s property; threatening or knowingly placing a student in reasonable fear of physical harm to the student or damage to the student’s property or causing 8 substantial inconvenience; or, taunting, teasing or intimidation that is so severe, persistent or pervasive that it creates an intimidating or threatening educational environment or it substantially disrupts the orderly operations of the district (see definition in Major Behaviors).</p>	<p>EP</p>

<p>Inappropriate gestures, language, noises</p>	<p>This behavior refers to usage of rude language (written or verbal), gestures, or noises in conversation with staff or peers, during daily classroom activities, or at otherwise inappropriate times.</p> <p>Examples include using curse words conversationally (e.g., not directed at another staff or student). Non-examples include using euphemisms (e.g., “darn” or “crap”).</p> <p>Other non-examples include behaviors consistent with the Major (office managed) behavior <b>Profanity</b>, which involves using of severe profanity (e.g., the ‘f’ word) directed toward staff or students, or <b>Sexual Misconduct</b>, which includes but is not limited to making obscene gestures of an overt sexual nature toward staff or students. See definitions of <b>Profanity</b> and <b>Sexual Misconduct</b> under Major (Office-managed) behaviors.</p>	<p>IGLN</p>
<p>Inappropriate use of school or other’s property</p>	<p>Inappropriate use of school or others’ property refers to any behavior in which school or others’ property is/are not used for its intended purposes or with little respect for property/facilities.</p> <p>Examples include climbing in bathrooms, looking under stalls, using a space where there is no adult or without adult permission, using a friends’ notebook for yourself without permission, or using the whiteboard markers without teacher permission. Nonexamples include approved club gatherings or indoor recess activities.</p>	<p>IUSP</p>
<p>Inappropriate use of technology</p>	<p>Inappropriate use of technology refers to any behavior in which computers, phones, tablets, music devices, or other electronic devices are used in a manner or at a time incompatible with school expectations/ procedures.</p> <p>Examples include texting during class, listening to music during instruction, or using a computer to watch YouTube unless teacher directed or specified in instructional programming. Nonexamples include using technology correctly as a center activity directed by your teacher, watching a video with your class, or listening to appropriate music before school.</p> <p>Other non-examples include behavior consistent with the Major (office managed) behavior <b>Technology Policy Violations</b> which involves severe violations including accessing sexually explicit material on the school premises or using a school-owned device or sending sexually explicit electronic communication. See definition of <b>Technology Policy Violations</b> under Major (Office-managed) behaviors.</p>	<p>IUT</p>

Lying	<p>Lying refers to any behavior in which one intentionally withholds the truth or expresses dishonesty.</p> <p>Examples include telling a teacher you are going to the restroom and instead meeting your friends in the hallway or claiming your parents have seen your progress report when you have not given it to them. Nonexamples include missing a factual question on an assessment or forgetting to give your parents a note sent home and explaining to your teacher that you forgot.</p>	LY
Non-compliance (persistent)	<p>Persistent non-compliance refers to repeated or ongoing incidents in which a student willfully disregards reasonable instructions provided by a school staff member. Upon initial occurrences of non-compliance, follow the 6-step instructional approach. Non-compliance becomes a minor (teacher-managed referral) when the behavior persists despite use of an instructional approach.</p> <p>Examples include disregarding stated expectations about moving to a specific location in the classroom or school despite the staff-member utilizing the 6-step instructional approach, or similarly disregarding directions to begin an assignment or academic task. Non-examples include an incident of non-compliance that is resolved in a timely manner after using the 6-step instructional approach, or engaging in undirected behaviors due to an <i>inability</i> to respond to request (e.g., hasn't been taught, does not understand).</p>	NCP
Play fighting/ horseplay/ roughhousing	<p>Play fighting/ horseplay/ roughhousing refers to any behavior in which individuals engage in aggression-like behavior that is playful, inappropriate, or potentially unsafe, but not so intense that it is likely to cause physical or emotional harm.</p> <p>Examples include pushing and shoving when getting into line, pulling on a peer's clothes during a game at recess, or play fighting at recess in which two students put hands on each other but without the intent to harm one another. Nonexamples include engaging in rule-abiding physical activity during sport events or fighting with intent to harm self or others.</p> <p>Other non-examples of play fighting / horseplay / roughhousing include behaviors consistent with <b>Violence toward other students, Violence against staff, or Sexual harassment</b>, which result in Major (office-managed) referrals. These behaviors are characterized by physical aggression that is sufficiently intense or intended to cause potential physical or emotional pain. Or, in the instance of</p>	PFHR

Social Skills Improvement System (SSiS) – counselor-led small group	Counselors and/or social workers will lead small group SSiS sessions for approximately 30-40 min 2-3 days per week. Students will acquire new skills, learn how to engage more fully in instructional experiences, and learn how to meet more school-wide expectations. Small groups will run for up to 24 sessions (8 to 12 weeks depending on the number of sessions conducted per week) using a subset of SSiS lessons appropriate for student skillsets as identified using SSiS-Rating Scale (teacher and parent version).	<p><b>Behavior</b></p> <input type="checkbox"/> SRSS-E7 score: Moderate (4-8) and/or <input type="checkbox"/> SRSS-I5 score: Moderate (2-3) <p style="text-align: center;"><b>AND</b></p> <input type="checkbox"/> 2 or fewer absences in first 3 months of school <p style="text-align: center;"><b>AND</b></p> <input type="checkbox"/> Evidence of teacher implementation of Ci3T primary (Tier 1) plan [treatment integrity: direct observation] <p style="text-align: center;"><b>AND</b></p> Parent permission	<p><b>Student measures</b></p> <input type="checkbox"/> SSiS-Rating Scale (Pre/Post) <input type="checkbox"/> Daily behavior report (DBR; daily) <input type="checkbox"/> Attendance and tardies <p><b>Social validity</b></p> <input type="checkbox"/> Teacher: IRP-15 <input type="checkbox"/> Student: CIRP <input type="checkbox"/> Tier 2 treatment integrity measures <p><b>Treatment integrity</b>                      Ci3T TI: Direct observation (30 min if needed)</p>	<input type="checkbox"/> Review student progress at end of 24 sessions <input type="checkbox"/> Team agrees goals have been met or no further SSiS small group sessions are warranted <input type="checkbox"/> SRSS-E7 and I5 scores are in the low risk category

Functional Assessment - based Intervention	An individualized intervention is developed. (1) Information collection from: a review of student records, student interview, teacher interview, parent interview, and direct observation of the target behavior, and the Social Skills Improvement System (Gresham & Elliott, 2008) is used to identify the target behavior and inform the intervention. (2) Information is placed in the Function Matrix (Umbreit, Ferro, Liaupsin, & Lane, 2007)	(1) Met Criteria for Secondary Interventions (2) Participated in secondary interventions used between screenings with documentation of lack of success for academic and behavioral performance. <input type="checkbox"/> Grade point average (GPA) remaining below Secondary criteria $\leq 2.7$ <input type="checkbox"/> Continued Course Failures <input type="checkbox"/> Earning office discipline referrals (ODRs)	<b>Student measures:</b> Direct observation and recording of target student’s behavior.  Graphing of data to determine changes in behavior across 4 phases: (1) Baseline (before intervention is implemented) (2) With intervention in place – fidelity that the plan is being implemented as planned is needed.	<input type="checkbox"/> Measureable changes in target behavior using the graphed data for all 4 phases. <input type="checkbox"/> GPA > 2.7 <input type="checkbox"/> No course failures <input type="checkbox"/> Zero ODRs <input type="checkbox"/> SRSS low risk
